SOPHISTICATION, AUTHENTICITY, CREATIVITY:
THE DISTINCTIVE ELEMENTS THAT CHARACTERIZE
"MADE IN ITALY" ARE WOVEN INTO THE FABRIC
OF NALESSO'S DNA. OUR SKILLED ARTISANS ARE
ENTRUSTED WITH THE TASK OF BRINGING OUR
FURNITURE AND DECOR TO LIFE.

As cherished as marble, durable as
stone, smooth as metal or elegant as
wood: each Nalesso creation combines
high quality materials and finishes;
environmentally-friendly sourced and
hand-worked with techniques that
unite technology and tradition.

Whether structural or decorative,
the materials are carefully transformed
by our craftsmen to create items
of beautiful furniture, destined
to last through time.

WOOD

The rare know-how of ebony carpenters is used to emphasise the natural essence of the wood. Veneers are carefully chosen to bring out the grain and highlight idiosyncrasies. The quality of the craftsmanship and selected embellishments serve to enhance the characteristics of this timeless material.

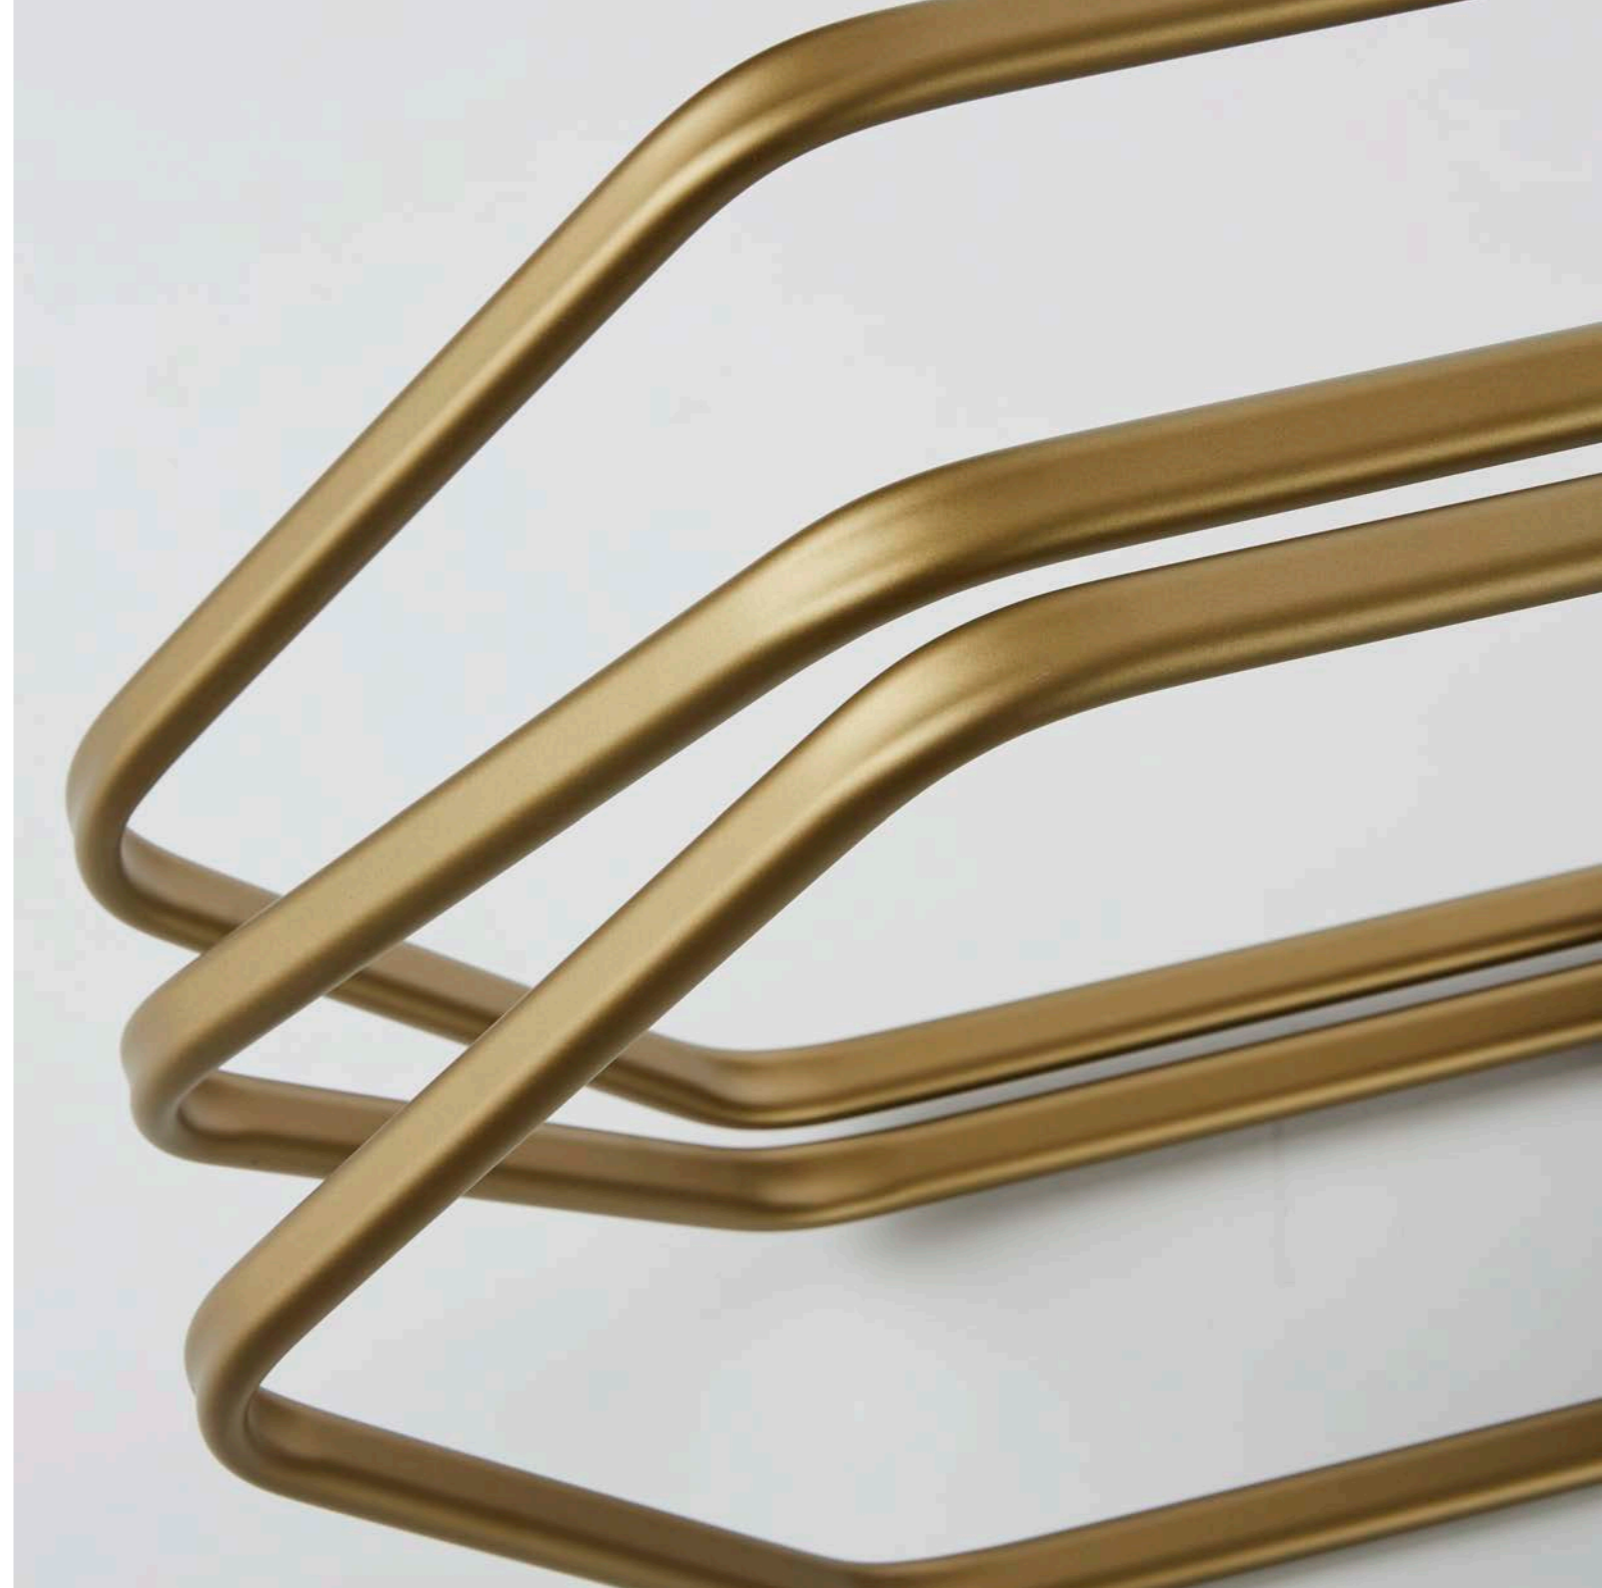

STONE AND MARBLE

These materials offer endless potential for the creation of bespoke furniture that does justice to these precious natural resources. The sculpting and artistry goes beyond mere fashion or style, truly bringing the materials to life.

METALS

The material is truly the heart of the furniture, used to create structures with invisible folds and welds. The application of varnishes and surface treatments using galvanized baths ensures durability and beauty.

BRIDGING TRADITION AND
TECHNOLOGY, OUR APPROACH IS
BASED ON THE EXPERTISE OF OUR
ARTISANS AND THE CONSTANT
RESEARCH INTO MATERIALS,
WORKING WITH THE CUSTOMER AT
EVERY STEP OF THE WAY.
